CERTIFICATE IV IN CHILDREN'S SERVICES (OUTSIDE SCHOOL HOURS CARE (CHC41208))

What is the Certificate IV course?

The Certificate IV in Children's Services is a 12 month course designed for people who currently work or who wish to work in the out of school hours sector including before and after school care and vacation care programs for groups of children who are of school age.

The course will provide you with the skills and knowledge to work as a trained worker to plan recreation activities for children's play and leisure. The Certificate IV has a direct pathway to the Diploma of Children's Services (Outside School Hours Care - CHC51008).

Entry requirements (People with disabilities are encouraged to apply)

There are no formal entry requirements for this course although it is expected that students will have basic literacy and numeracy skills and a genuine interest in caring for children.

How is the course delivered & assessed?

The course is self paced and is designed to replicate the work that you will be doing in this role. There are a number of assessment options, and our trainers will work with you to develop an individual training and assessment plan that suits your work and skills.

In order for us to assess your skills, you will be required to work with each service type. This includes Before school care, After school care and Vacation Care.

Who will be my trainer?

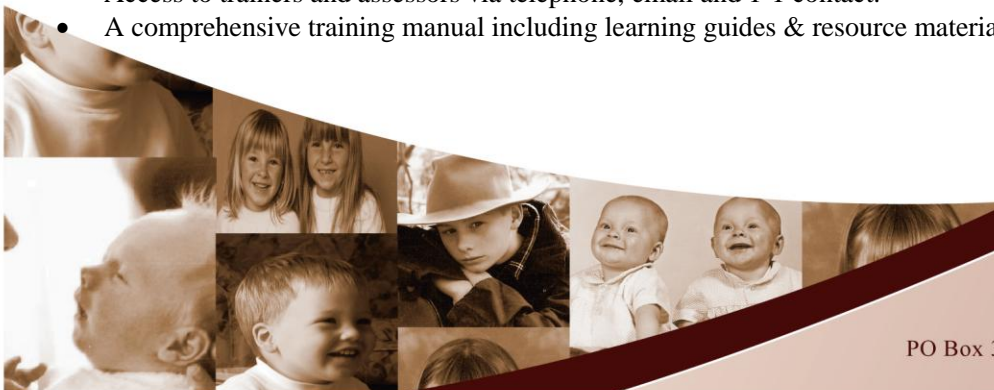

As you enrol, you will be provided with a qualified and skilled trainer that will support you through your entire course. The trainer will visit you in your workplace and provide you with individual training and assessment. A workplace coach will also be allocated to you.

Your coach will mentor you through tasks and provide you with many opportunities to practice your skills

What does Practical Outcomes provide?

You will be offered a range of learning methods to meet your individual needs. You can work at your own pace and can decide when and how learning and assessment will take place. All you need is a workplace to practice in. The types of support and resources offered to you include:

- An assessment of your learning style. Not all students learn the same way. We will review your past and current experiences to design a training plan that meets your needs.
- 1 learning text book and support materials.
- Access to trainers and assessors via telephone, email and 1-1 contact.
- A comprehensive training manual including learning guides & resource material kit.
