DIPLOMA OF CHILDREN'S SERVICES (Early Childhood Education and Care - CHC50908)

What is the Diploma course and what will it qualify me to do?

The Diploma of Children's Services is a 12 month course designed to provide you with the skills and knowledge to work as a qualified child care worker and/or a coordinator of a child care service.

How is the course delivered & assessed?

The course is self paced and is designed to replicate the work that you will be doing in this role. There are a number of assessment options, and our trainers will work with you to develop an individual training and assessment plan that suits your work and skills.

In order for us to assess your skills, you will be required to work with each age group during your course.

Are there pre-requisite units?

Entry into this qualification requires the completion of a number of pre-requisite units, including first aid.

Do we provide recognition of prior learning?

We have an extensive recognition process. All students are provided with the opportunity to apply for recognition against any or all of the units in this course. As you then progress through each of the learning areas, other opportunities to apply for recognition will occur.

All our trainers are qualified in assessing recognition therefore you will never have to learn something that you already know.

Who will be my trainer?

When you enrol, you will be provided with a qualified and skilled trainer that will support you through your entire course. The trainer will visit you in your workplace and provide you with individual training and assessment.

A workplace coach will also be allocated to you. Your coach will mentor you through tasks and provide you with many opportunities to practice your skills.

Payment schedule

Please refer to the attached payment schedule to determine the cost of the course. If you are considering applying for recognition (which may reduce these costs) we will design an individual payment schedule for you.

Issuing of qualifications

Students will be issued qualifications on completion of all required units of competency. Statements of attainment will be issued for partial completion.

Practical Outcomes

What does Practical Outcomes provide?

You will be offered a range of learning methods to meet your individual needs. You can work at your own pace and can decide when and how learning and assessment will take place. All you need is a workplace to practice in.

The types of support and resources offered to you include:

- An assessment of your learning style. We recognise that not all students learn the same way, so we will review your past and current experiences to design a training plan that meets your needs.
- 3 learning text books.
- Access to trainers and assessors via telephone, email and 1-1 contact.
- A comprehensive training manual including learning guides, resource material kits and reference guides for web site research.
- An extensive welfare program which assists you to tap into support and resources necessary for learning and personal needs. If you feel like this could assist you then speak to your trainer and they will refer you to our welfare officer.
